Version	Date	By	Summary of Changes
1.0	23-Aug-16	NESPAK	Initial Draft

TABLE OF CONTENTS

1. Performance Evaluation.....	4
1.1 Reference Data: Complexity Factor	5
1.2 KPI Categories.....	7
1.3 KPI Sub Categories	10
1.4 Division Complexity Level	13
1.5 Exclude Channel.....	15
1.6 Exclude Channel:.....	17
1.7 Performance Evaluation Report	35

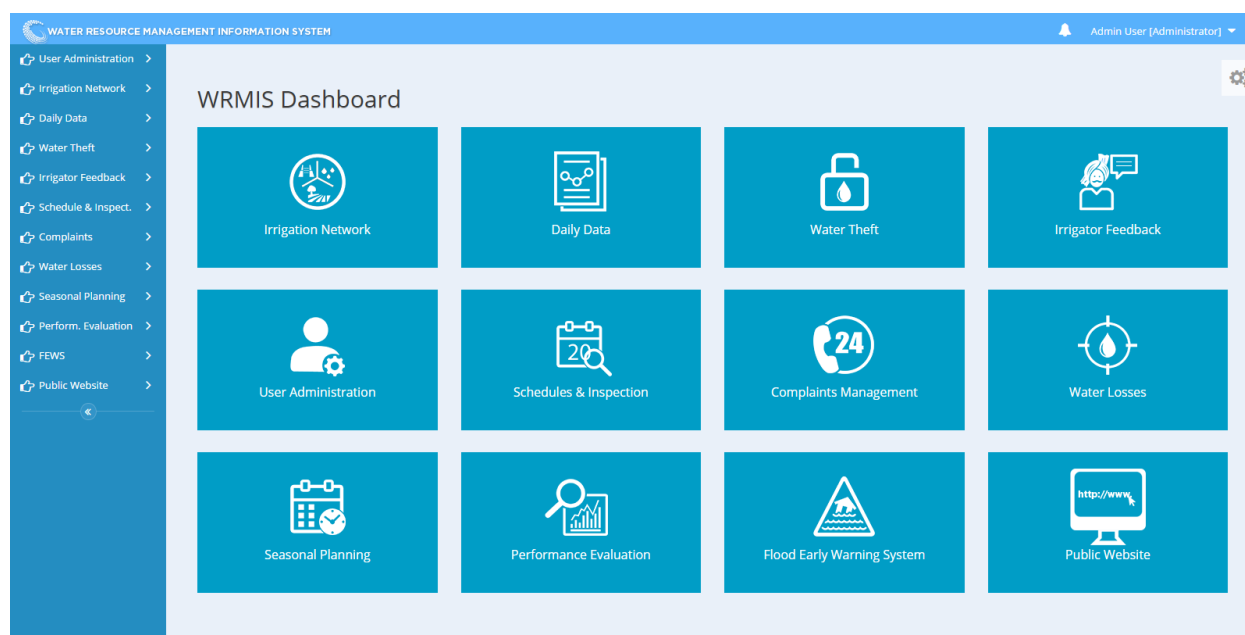

1. Performance Evaluation

Performance Evaluation is a technique which is used to assess and measure Canal Divisional Performance on the basis of operations and operational data available in Irrigation MIS. Presently, Performance Evaluation is done on fortnightly basis of the selected Canal Divisions. The goal of Performance Evaluation is to collect and process the operational data and convert it into actual performance against expected performance parameters. It provides an opportunity for the Canal Divisions itself and the top management of Punjab Irrigation Department to determine the actual performance and possible improvements in performing canal operations. It can also help the authorities to improve the overall operations of Irrigation Department by providing an environment of healthy completion and offering certain incentives such as scores in Annual Performance Reports of the officials and officers of Punjab Irrigation Department.

This module provides an interface to view Performance Score and reports.

Business User: Administrator,

Pre-Requisite: Daily Data, water theft cases, and complaints' data should be available for the selected irrigational boundary.

1.1 Reference Data: Complexity Factor

This module provides the reference data complexity factor that has to be used into Performance Evaluation.

How to Access: Main Menu -> Performance Evaluation - > Reference Data -> Complexity Factor

Complexity Level	Complexity Factor	Multiplication Factor
Normal	0	0
Difficult	1	0.1
Very Difficult	2	0.2
Intermediately Complex	3	0.3
Complex	4	0.4
Very Complex	5	0.5

Reset to defaults

Complexity Factor:

1

Edit

- Click on 'Edit' image to edit the existing record.
- System opens the record into editable form

2

Reach

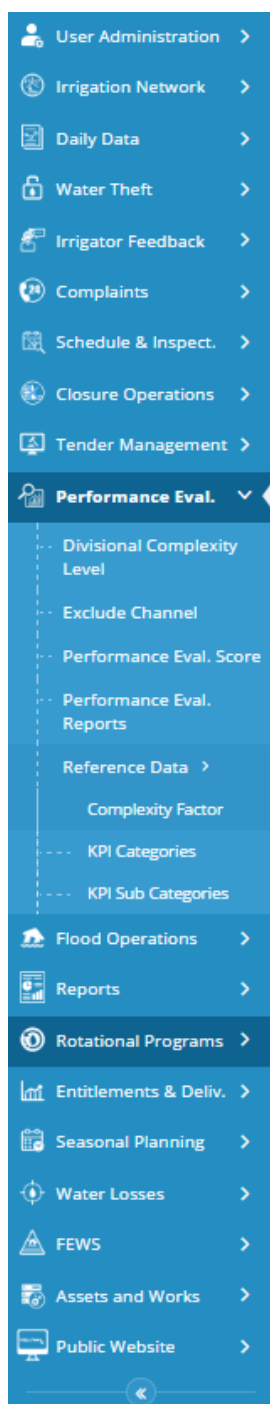

Reset to defaults

- Click on the <Reset to defaults> button.
- System reset all the records as per the default criteria given.

1.2 KPI Categories

This module provides the reference data 'KPI Categories' that has to be used into Performance Evaluation.

How to Access: Main Menu -> Performance Evaluation - > Reference Data -> KPI Categories

Category Name	Default Weightage (Field Data)	Current Weightage (Field Data)	Default Weightage (PMIU Checking)	Current Weightage (PMIU Checking)	Description	Include in P.E. Calculation	Action
Dry Tail	-20	-20	-6	-6	Tail Gauge is Less Than or Equal to 30% of Authorized Tail Gauge	<input checked="" type="checkbox"/>	
Short Tail	-16	-16	-10	-10	Tail Gauge is between 30% and 90% of Authorized Tail Gauge	<input checked="" type="checkbox"/>	
Excessive Tail	-10	-10	-5	-5	Tail Gauge is more than 115% of Authorized Tail Gauge	<input checked="" type="checkbox"/>	
Authorized Tail	30	30	15	15	Tail Gauge is between 90% and 115% of Authorized Tail Gauge	<input checked="" type="checkbox"/>	
Percentage of channels of which Data was not received from Field Division	-5	-5				<input checked="" type="checkbox"/>	
Water Losses/Unaccounted Water	-25	-25				<input checked="" type="checkbox"/>	
Difference of Head Gauges checked by PMIU staff with gauges conveyed by Field Division			-19	-19		<input checked="" type="checkbox"/>	
Difference of Tail Gauges checked by PMIU staff with gauges conveyed by Field Division			-19	-19		<input checked="" type="checkbox"/>	
Water Theft Identification	5	5	-10	-10	1 point per identification up to maximum of 5 for Field staff and -2 for PMIU up to maximum of -10	<input checked="" type="checkbox"/>	
Complaint Resolution Efficiency	-5	-5	-5	-5	For Average Complaint Resolution Time of 2 days the maximum marks are awarded. For no complain, maximum marks are awarded	<input checked="" type="checkbox"/>	
Gauging Status (Gauge Not Painted)	-5	-5	-10	-10		<input checked="" type="checkbox"/>	
Gauging Status (Gauge Not Fixed)	-5	-5	-10	-10		<input checked="" type="checkbox"/>	
Rotational Violation	-6	-6	-12	-12	-4 points per violation up to maximum of -12	<input checked="" type="checkbox"/>	
Total (Included KPI Categories)	-62	-62	-91	-91			

[Reset to defaults](#)

KPI Categories:

1

Edit

- Click on 'Edit' image to edit the existing record.
- System opens the record into editable form

2

Reach

[Reset to defaults](#)

- Click on the <Reset to defaults> button.
- System reset all the records as per the default criteria given.

3

Include in P.E. Calculation

- Click on 'Include in P.E. Calculation' check box to include specific category into Performance Evaluation calculation.

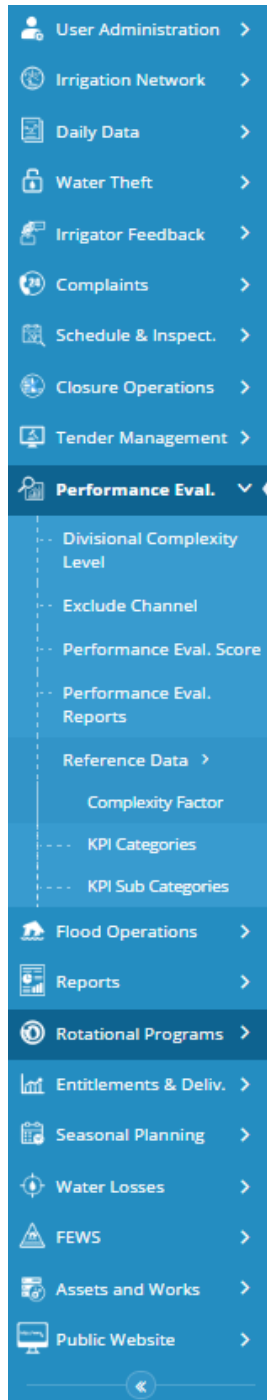

- By default Include in P.E. Calculation check box is marked checked.

1.3 KPI Sub Categories

This module provides the reference data 'KPI Sub Categories' that has to be used into Performance Evaluation.

How to Access: Main Menu -> Performance Evaluation - > Reference Data -> KPI Sub Categories

KPI Category Name Dry Tail 1

KPI Sub Category Name	Default Weightage	Current Weightage	Weightage Source	Description	Include in P.E. Calculation	
Dry Tail 1	-7	-7	Field	TG <= 10% of ATG and HD >= 95% of DD	<input checked="" type="checkbox"/>	2
Dry Tail 2	-3	-3	Field	TG <= 10% of ATG and HD < 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 3	-4	-4	Field	(TG > 10% of ATG and <= 20% of ATG) and HD >= 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 4	-2	-2	Field	(TG > 10% & <= 20% of ATG) and HD < 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 5	-3	-3	Field	(TG > 20% & <= 30% of ATG) and HD >= 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 6	-1	-1	Field	(TG > 20% & <= 30% of ATG) and HD < 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 7	-2	-2	PMIU	TG <= 10% of ATG and HD >= 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 8	-1	-1	PMIU	TG <= 10% of ATG and HD < 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 9	-1.5	-1.5	PMIU	(TG > 10% & <= 20% of ATG) and HD >= 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 10	-0.5	-0.5	PMIU	(TG > 10% & <= 20% of ATG) and HD < 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 11	-0.7	-0.7	PMIU	(TG > 20% & <= 30% of ATG) and HD >= 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Dry Tail 12	-0.3	-0.3	PMIU	(TG > 20% & <= 30% of ATG) and HD < 95% of DD	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Total (Included KPISubCategories)	-26	-26				

Reset to defaults 4

KPI Sub Categories:

1

KPI Category Name

Dry Tail

- Click on 'KPI Category Name' dropdown.
- System opens the respective record into Tabular form

2

Edit

- Click on 'Edit' image to edit the existing record.
- System opens the record into editable form

3

Reach

Reset to defaults

- Click on the <Reset to defaults> button.
- System reset all the records as per the default criteria given.

4

Include in P.E. Calculation

- Click on 'Include in P.E. Calculation' check box to include specific sub category into Performance Evaluation calculation.

- By default Include in P.E. Calculation check box is marked checked.

1.4 Division Complexity Level

This module provides the reference data 'Division Complexity Level' that has to be used into Performance Evaluation.

How to Access: Main Menu -> Performance Evaluation- > Division Complexity Level

- User Administration >
- Irrigation Network >
- Daily Data >
- Water Theft >
- Irrigator Feedback >
- Complaints >
- Schedule & Inspect. >
- Closure Operations >

- Public Website >

1	Zone	LBDC IP	2	Circle	LBDC
Division					
Complexity Level					
Multiplication Factor					
Remarks					
Balloki	Normal	0	3		
Okara	Normal	0			
Sahiwal	Normal	0			
Khanewal	Normal	0			

Division Complexity Level:

1

Zone

- Select zone from the 'Zone' dropdown.
- On selection of zone, relevant circles are populated in the circle dropdown.

2

Circle

- Select circle from the 'Circle' dropdown.
- On selection of circle, relevant divisions are populated in the Table along with current Complexity Level, Multiplication Factor and Remarks.

3

Edit

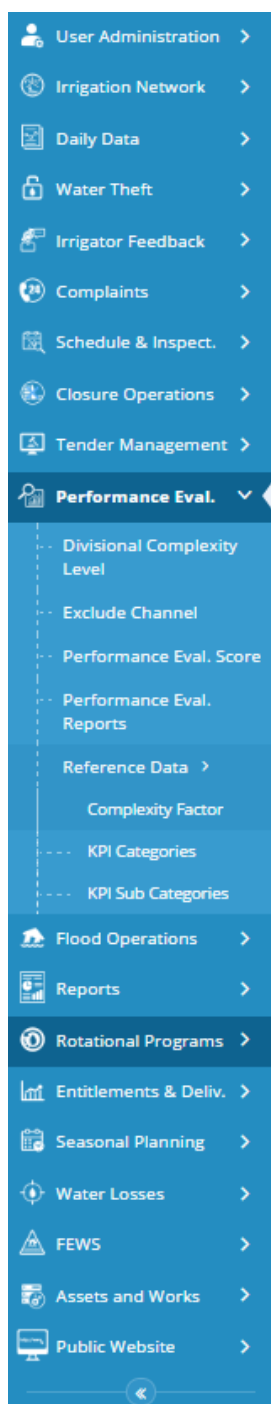

- Click on 'Edit' image to edit the existing record.
- System opens the record into editable form.

1.5 Exclude Channel

This module is an interface to search, edit, delete and view already created channels and exclude the selected channels from Performance Evaluation

How to Access: Main Menu -> Performance Evaluation - > Exclude Channel

1 Zone All 2 Circle All 3 Division All 4 Sub Division All 5 Command Name All 6 Channel Type All 7 Flow Type All 8 Channel Name Channel Name 9 Parent Channel All 10 IMIS Code IMIS Code 11 Excluded Channels 12 Zero Authorized Tail 13 Search 14 Exclude

IMIS Code	Channel Name	Channel Type	Flow Type	Total R.Ds	Command Name	CCA	GCA	Authorized Tail Value	Exclude

15 16 Save

1.6 Exclude Channel:

1

Zone

All

- User selects a zone from the list of already created zones into 'Zone' dropdown.
- System populates all the circles of that selected zone into 'Circle' dropdown.

2

Circle

All

- User selects a circle from the list of already created circles into 'circle' dropdown.
- System populates all the divisions of that selected circle into 'Division' dropdown.

3

Division

All

- User selects a division from the list of already created Divisions into 'Division' dropdown.
- System populates all the sub divisions of that selected division into 'Sub Division' dropdown.

4

Sub Division

- User selects a sub division from the list of already created sub divisions into 'Sub Division' dropdown.
- System populates all the channels of that selected sub division.

5

Command Name

- User selects command name into 'Command Name' dropdown.

6

Channel Type

- User selects channel type into 'Channel Type' dropdown.

Flow Type

- User selects flow type into 'Flow Type' dropdown.

8

Channel Name

- User enters channel name into 'Channel Name' text field.

9

Parent Channel

- User selects parent channel into 'Parent Channel' dropdown.

10

IMIS Code

IMIS Code

- User enters IMIS code into 'IMIS Code' text field.
- .

11

Excluded Channels

- Click on 'Excluded Channels' check box.
- .

12

Zero Authorized Tail

- Click on 'Zero Authorized Tail' check box.

13

Search

Search

- Click on <Search> Button.
- System displays the records as per the search criteria given by the user.
- If there is no record against the entered search criteria, system shows the message '**No record found**'
- System displays all records if no search criteria is provided

14

Exclude

- Click on 'Exclude' check box against the specific row of the Table.
- System will exclude the selected channel in the next phase of Performance Evaluation

15

Paging

1 2 3 4 5 6 7 8 9 10 ... >>

- Click on page numbers to move the user to other pages.

16

Save

Save

- Click on <Save> button, system verify all the changes.
- System saves the data into the database & displays a message “Records saved successfully”.

Performance Evaluation Score

This module is an interface to view already created performance Evaluation score.

Performance Evaluation Score:

1

From Date

01-Jan-2017

- User selects the starting date into 'From Date' calendar dropdown.
- By Default, system shows "1 – current date" into 'From Date' calendar dropdown.

2

To Date

03-Apr-2017

- User selects the ending date into 'To Date' calendar dropdown.
- By Default, system shows current date into 'To Date' calendar dropdown.

3

Report Name

Specific Report

- User enters the report name into 'Report Name' text field.

4

Search

- Click on <Show Results> Button.
- System displays the records as per the search criteria given by the user.
- If there is no record against the entered search criteria, system shows the message '**No record found**'

- System displays all records if no search criteria is provided

5

Show

- User clicks on 'show' button.
- System navigates the user to report view page and will show the all the relevant scores in each category

6

Delete

- Click on 'Delete' image to delete the relevant already saved Performance Evaluation Report.

7

Print

- Click on 'Print' image button navigates to the print page of specific Report.

8

Paging

- Click on page numbers to move the user to other pages.
